Public Work

Most of the work is public work rather than private work. The work occurs on roads, highways and other transportation sites.

Training and Advancement

The company offers some training.

Advancement opportunities are possible and would be considered as a natural progression of market, Corporate, and Individual development create or engage opportunities.

Company Growth

This position is open due to company growth

Interesting and Unique Projects

The company participants in various transportation which occasionally includes high profile and unique projects.

Leading Edge technology

The company uses leading edge technology.

Worker Flexibility seasonal work possible.

Through the busy seasons, workers typically experience days off in sequence of two – three days off. This is due in part to weather related work which tends toward long shifts during the better weather periods, and reduced opportunity during poor weather conditions or driver hours reset.

The widespread geographic nature of the market often results in good weather “at home” but unfavorable work weather at the schedule project site, or vise-versa. This results equally in advantages and disadvantages in regard to the impacts upon the worker’s schedule.

Workers may be required to share in “ on-call” duties to support the erratic nature of the company’s business and last minute opportunities.

Travel

This position requires regular travel for work. The distances are usually less than 150 miles, but regularly includes projects of 200 – 350 miles away and higher.

To apply: Applicants should visit www.performancehydroblasting.com and click on the employment tab or Immediate Job Opening Link On the right of screen. Follow instructions on the webpage.

Applicants are requested to provide a cover letter along with their application.

The cover letter should be between 200 and 300 words response to the following.

1. Write about a topic you think might explain what interests you most and least about the position described above.

Send the letter and the completed application to jeff@ohblaster.com
